45 CORNELL, BOSTON. BILLINGS' Rheumatic Pills

AND LINIMENT.

The public have long felt the need of some reliable remedy for Rheumatism. Knowing this fact, the proprietor of the above-named medicines some years e commenced the study of this disease. In his studies and practical

eriments, with different medicines RHEUMATIC pon the various forms of the disease, he was favored with the advice and counsel of some of the ablest medical and pharmaceutical talent of the times. He has at length perfected and prepared these remedies, and offers them to the afflicted, confident that they will always prove safe, effectual, and harmless to the constitution. That such is their character is amply attested by the universal success with which they have been employed. They cure Rheumatism, Gout, and Neuralgia. The Liniment alone would not cure these diseases; the Pills need to be taken internally, the Liniment to be applied externally, and thus used conjointly they exert a genuine curative

power. Rheumatism is too intimately connected with the Liver and other internal organs to be reached solely through the medium of the skin. These Pills are peculiarly searching in their effect upon the Liver. They contain no Mercury, Potash, Quinine, Morphine, or any of those mischievous medicines which are too often employed in the treatment of Rheumatism. BILLINGS' RHEUMATIC LINIMENT is a safe and efficacious Liniment. The principal ingredients that enter into its composition, those from which it derives its greatest power, are new, and have never before been exhibited in any Liniment that has been offered to the public. It is well adapted for all the purposes of a Family Liniment, and is unsurpassed in curing -Lameness, Sprains, Bruises, &c. We have in our possession, and might publish, many letters and certificates from persons who have derived great benefit from these preparations. The certificates are volutarily furnished by those who have been cured of the various forms of the disease, such as Rheumatic Fever. Chronic Rheumatism, Gout, and Neuralgia; they are genuine and natural, such as sane persons would write, yet in comparison with the certificates of charlatans and nostrum venders sound exceedingly tame. and every sufferer will be left to appreciate for himself Price, 50 Cents each per Box and Bottle. PREPARED BY JOHN T. BILLINGS, PHARMACEUTIST, LOWELL, MASS.

NEW ENGLAND AILMENTS

THE ONLY REMEDY

THE Eastern States, including New York and that section of the Union which is most widely known as "New England," contain a thrifty, industrious, intelligent people, who have achieved an uncommon degree of prosperity: with a climate extremely trying to certain constitutions, and a soil of small fertility, they have contrived to surpass more favored communities in almost every thing that conduces to social comfort and happiness. Unfortunately, they are occasionally so absorbed in business and mental cultivation, that they neglect the precautions which are essential to bodily health. Dyspepsia and physical debility are prevalent among all classes. The first disase is produced by inattention to the digestive organs, which are so susceptible of derangement. Thousands are now paying the penalty of this neglect, and suffering daily the most trying pains, almost without a hope of relief. They have come to believe that their ailment is chronic, and that they must bear with it to the end. It gratifies us exceedingly to announce to these afflicted individuals that they may now command a remedy of unquestion pot-ney and virtue, which has never been found o fail in all cases of digestive weakness or derangement. Hundreds of tongues are ready to grow eloquent in praise of this wonderful conqueror of dyspepsia, which is known as

DR. J. HOSTETTER'S CELEBRATED STOMACH BITTERS But that numerous class who devote themlves to literary and other sedentary pursuits, and in consequence of a want of physical exerise, become the victims of languor and debility, without nerve or appetite, have hitherto ought in vain for some invigorating, life-giving medicine, whose effects upon the system shall be both speedy and permanent. Physicians of eminence, and profoundly acquainted with the requirements of the human frame, commend HOSTETTER'S BITTERS as the safest and swiftest stimulant to the recuperative energies of the system yet discovered. It restores the up tite, gives fresh vigor to the digestive nons, sends the blood through the veins with more lively current, corrects a tendency to
